

Podium Set-up Instructions

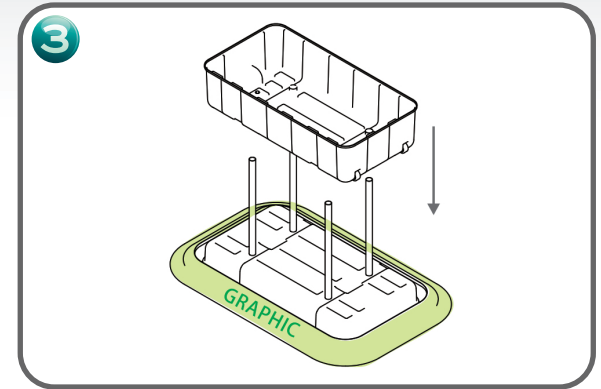

Setup Foundation

Lift the lid of the case and remove the poles, case fabric, and countertop piece designated for the case.

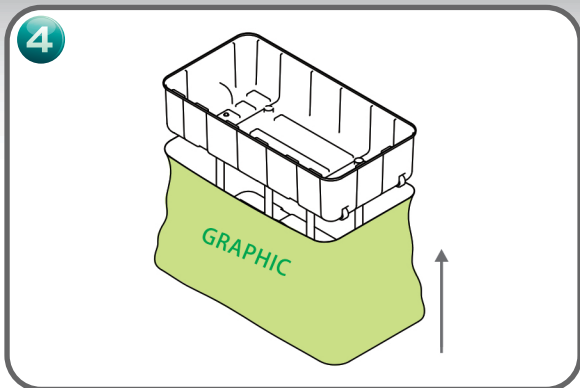

Install Poles

Place the lid on the floor, and firmly secure the poles into the four slots.

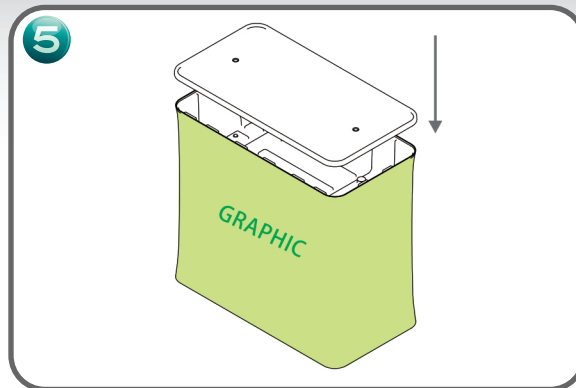

Add the Base

Position the case's base onto all four support poles in the corresponding slots and firmly press into place.

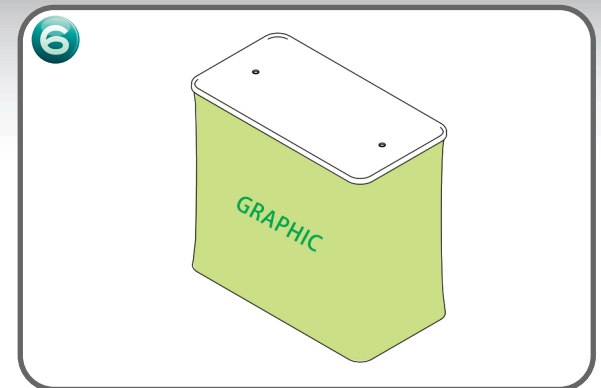

Pull on Graphic

Pull the graphic from the bottom up over the top of the case. Velcro the top together and zip up the back.

Place Countertop

Place the countertop lid on top and secure.

Ready!

Your case to counter display is ready!

Disassembling

1. Remove countertop piece.
2. Unzip and unvelcro the Stretch Fabric Graphic.
3. Completely remove the graphic.
4. Disassemble all contents, and place countertop inside case top.

Repacking the Display

1. Fold the stretch graphic neatly to avoid damage.
2. Place the frame pieces back into the case.
3. The lights should be returned to their casing to prevent damage.
4. Secure and fasten the case and wheel away.
